The Nature and Necessity of Worldviews | Dallas Willard

September 29, 2018

The Veritas Forum

Whether or not we know what we believe, our worldview shapes our perception of the truth. At a Veritas Forum from UCLA, the late philosopher Dallas Willard helps us ask the right questions about how our picture of reality lines up with the truth.

Transcript

And that's an important thing to understand about worldviews, is that you don't have to think about them in order for them to determine your behavior.

[Music] Whether or not we know what we believe, our worldview shapes our perception of the truth. At a Veritas Forum from UCLA, the late philosopher Dallas Willard helps us ask the right questions about how our picture of reality lines up with the truth.
